

# SPEED-TO-LEAD

## STOP LOSING BUYERS TO SLOW LEAD RESPONSE TIMES

VisQuanta captures and engages leads instantly across multiple platforms, connecting you with buyers first.

### THE CHALLENGE

Leads pour in from websites, Google, Social Media, and forms, but busy teams can't respond fast enough. Average dealership response time exceeds 40 minutes. Most buyers move on.

### THE SOLUTION

VisQuanta connects with leads, qualifies them, and routes them to your team in seconds.

### SPEED & CONSISTENCY WIN EVERY TIME

Buyers expect instant replies. If you're not first, you're last. VisQuanta's platform captures leads from all sources, engages through a conversational approach, and delivers qualified prospects to your team before competitors.

### HOW IT WORKS

- Sends instant SMS, chat, or DM replies.
- Qualifies and scores leads to focus on serious buyers.
